Wake Up the Liver

You can prepare a correctly proporional, pleasant mineral water by dissolving a few teaspoonfuls of Liver Saline in a glass of water. Drink it before preakfast and it wakes up the liver.

Really, this is a fine thing for people of sedentary habits, to keep the bowels regular without causing the slightest irritation. And the effect on the liver is much better than ordinarily produced by calomel (which Penslar Liver Saline of course does not contain).

The little aluminum measuring cup that comes with the bottle is always at hand, clean and sanitary, for getting exactly the right amount.

The Mouth Wash that Dentists Use Too many people think that when they

have cleansed their teeth carefully they have done all that is necessary, but the fact is that good dentists nearly always advise the use of a good mouth wash in

Dentists probably know better than anyone else what is required. They insist that a good mouth wash must both astringent and antiseptic.

Penslar

nished by a first-class dental surgeon. It destroys germ life in the mouth and around the gums, and has a distinct hardening effect on the gums, causing them to cling closely to the teeth, thus protecting the roots.

We positively recommend Penslar Boraline as a necessary part of the dental toilet. Price 50 cents.
